**Re: Regional Rural Revitalization (R3) Strategies Consortium - Qualified Consultant List**

The Regional Rural Revitalization (R3) Strategies Consortium (“Consortium”) is updating its list of prospective consultants interested in providing architectural, engineering, photogrammetric mapping, transportation planning, and/or land surveying services (and related services) to the Consortium.

Per OAR 137-048-0120, consultants who are engaged in the lawful practice of their profession and interested in providing the services mentioned above to the Consortium are encouraged to submit a statement describing their qualifications and related performance information to the Consortium.

The Consortium will use the requested information to update its list of prospective consultants. The Consortium intends to use the list to solicit services for future projects for which the direct appointment procedure or informal selection procedure is an authorized selection procedure. The Consortium may also appoint one or more engineers of record from this list. The Consortium updates its prospective consultant list every two years, and those consultants who have not submitted their qualifications in the past two years will be purged from the list.

If your firm is interested in being on the Consortium’s list of qualified consultants, please submit a statement describing your qualifications (including a detailed description of the type(s) of services you provide) and related performance information to:

R3 Strategies Consortium  
Attn: Managing Director  
242 S Broadway  
Burns, Oregon 97720

Responses may also be submitted via email to: \_\_\_\_\_ with the subject line: FY24 & FY25 SOQ Response.

**Statements of qualifications are due on or before 4:00 p.m. on Tuesday, August 15, 2023**
