

NOTICE TO TOWN OF LAKEVIEW CITIZENS JUNE 16, 2026

SUBJECT: CONSERVATION OF TOWN WATER IS NEEDED

Please be advised that we currently are operating with only one Town well. We are working to bring well number two on-line, but this will take a little more time. In the meantime, please conserve water by only watering lawns every other day until we bring this well into the system. Your voluntary cooperation will assist us in not having to take more drastic steps to keep our potable water available and flowing.

THANK YOU FOR YOUR COOPERATION
